Enterprises

COMPLETED

The wood (beekeeping equipment) production entrepreneur will procure carpentry equipment (multi blade circular saw, milling machine etc.) in order to improve safety and increase productivity. The production currently employs one worker while resulting job creation is one immediate post and additional one within a three-year period. The proposed CSR activity envisages donation of IT and sports equipment to the local village school.

**PROVISION OF A BACK-UP SERVER  
FOR THE E-PERMITTING SYSTEM**

E-permitting

COMPLETED

Improvement of the electronic system for the issuance of building permits through the provision of a back-up server, which will enhance its stability and availability for over 6,500 users that benefit from it every day. Server and network equipment were procured through the project, as well as necessary licences. The aim of this activity was to contribute to the creation of a more favourable business environment by improving the efficiency and transparency of the e-government and, ultimately, to new investments. At the same time, citizens' trust in institutions, as well as the quality of services that are being offered through the e-government will also be enhanced.
