MODIFICATION OF DETAILED REGULATION PLAN OF THE INDUSTRIAL ZONE BELEŠ

DRP

COMPLETED

The Modification of the Detailed Regulation Plan of the Business Zone Beleš should create planning conditions for the infrastructural equipping of the extended zone that will satisfy the requirements of future investors who will be obligated to construct buildings and perform business activities, consequently creating new jobs. The planned expansion of approximately 12.5 ha will double the industrial area.

PROVISION OF A BACK-UP SERVER FOR THE E-PERMITTING SYSTEM

E-permitting

COMPLETED

Improvement of the electronic system for the issuance of building permits through the provision of a back-up server, which will enhance its stability and availability for over 6,500 users that benefit from it every day. Server and network equipment were procured through the project, as well as necessary licences. The aim of this activity was to contribute to the creation of a more favourable business environment by improving the efficiency and transparency of the e-government and, ultimately, to new investments. At the same time, citizens' trust in institutions, as well as the quality of services that are being offered through the e-government will also be enhanced.
